# PROJECT GENERATION facility - P G F

Project Generation Facility - PGF

Supported by Open Society Foundation-Budapest,  
MtM program grant

## WHAT IS MtM?

**1 Making the most of EU funds for Roma (MtM)** is an initiative which seeks to connect achievement of Roma inclusion objectives to EU development resources. It was established in 2008 by the Open Society Foundations.

The goal of MTM is to align the obligations of the governments with the needs of Roma communities. In that way, it spans the Roma communities, local governments and structural funds of EU in comprehensive, complex and targeted intervention for including the Roma community in the society.

## THE ROLE OF PGF

**2 Project Generation Facility (PRF)** is one component of MtM. The main PGF role is to help the potential beneficiaries of EU funds that have not enough human and financial resources as well as the experience in preparation of applications relevant for Roma communities. Through assistance for preparation of project proposals, as well as through trainings and advocacy, PGF seeks solutions for problems such as: insufficient representation of the priorities of Roma community on local level, lack of resources and experience of Roma community and the complex and bureaucratic procedures that if they are not familiar with, will block their access to EU funds. Roma inclusion in all project phases is the main element in this PGF intervention.

The goal of PGF is the contribution for improved and sustainable social cohesion of Roma through providing equal opportunities for their involvements of using the funds.

## ACTIVITIES

### 3 PGF service provides assistance for:

- Generating project ideas for Roma inclusion
- Technical support in the process of development the projects ideas for Roma inclusion into applications for EU and other funds
- Building the capacities of the civil society organizations that support or represent Roma, for preparation project for Roma inclusion
- Technical support for implementation of projects for Roma inclusion (management, monitoring etc.)
- Co-financing of projects for Roma inclusion (when the financing is from EU)

**You can contribute too! Submit the project idea by filing the application form that can be found on our web site [www.prf.org.mk](http://www.prf.org.mk)**
